**RECITALS**

**Whereas**, on June 7, 1988, the voters of San Mateo County approved a ballot measure to allow the collection and distribution by the San Mateo County Transportation Authority (TA) of a half-cent transactions and use tax in San Mateo County for 20 years with the tax revenues to be used for highway and transit improvements pursuant to the Transportation Expenditure Plan presented to the voters ("Original Measure A"); and

**Whereas**, on October 4, 2012 through Resolution 2012-17, the TA Board of Directors programmed and allocated up to \$300,000 for the preliminary planning study for the Project; and

**Whereas**, the Sponsor desires that the TA implement the Scope of Work as described in Section A.2, below; and

**Whereas**, the Parties desire and agree that the TA may use one or more third party contractors to perform the work.

Now, THEREFORE, the Parties to this MOU agree as follows:

#### A. Project Scope and Description

1. Project. This Project is the preliminary planning study associated with SR92/Delaware Interchange Area Improvements and for purposes of this MOU such work shall be referred to as the "Project". The Project seeks to develop and analyze short and long term alternatives in the area of the SR92/ Delaware Interchange that when implemented will result in improved operation and safety within the subject area.
2. Scope of Work. The Scope of Work is to complete a preliminary planning study associated with the Project. The study will be prepared for the benefit of the Sponsor, Implementing Agency and other key stakeholders to determine if a preferred alternative or alternatives should be carried forward through a more robust evaluation (e.g., a Caltrans Project Initiation Document, a Caltrans Project Approval and appropriate Environmental Document) during a future phase of work. The preliminary planning study will assess the current and projected congestion and safety issues through the collection and analysis of traffic and accident data. It will develop potential project costs and evaluate potential project effectiveness, including identifying potential right of way impacts and environmental impacts of the various congestion mitigation strategies and potential safety improvements.
3. Limited to Scope of Work. This MOU is intended to cover only the Scope of Work. Further roles and responsibilities for subsequent phases of work on, or other tasks related to, the Project will be determined by negotiations between the Parties.

#### B. Funding and Payment

1. Funding Commitment. The TA will provide up to \$300,000 of Measure A funds for the Scope of Work.
2. Cost Savings. Any cost savings of the Measure A funds allocated for the Scope of Work will revert to the Measure A Highway Program for the TA to reallocate to any eligible project through its usual fund programming and allocation activities.
3. Insufficient Funding. In the event that additional funding is needed to complete the Scope of Work, the TA will identify the additional amount needed and review those estimates with the Sponsor. The Parties will work together to identify potential sources of funding, as well as obtain the necessary funds to complete the Scope of Work. If additional funding is needed due to a change in the Scope of Work requested by the Sponsor, the TA will identify the additional amount needed and review those estimates with the Sponsor. It is the responsibility of the Sponsor to identify the potential sources of funding, as well as obtain the necessary funds to complete the changed Scope of Work. The TA may consider requests for additional funding, but is under no obligation to grant such requests.

### C. Term

1. Term of Agreement. This MOU is effective upon execution, and will terminate upon the earliest of: (a) six months after written acceptance/endorsement of the Sponsor of the completion of the Scope of Work, (b) termination by Sponsor or the TA pursuant to Section C.3, C.4 or C.5 of this MOU, or (c) October 31, 2016.
2. Time of Performance. This Project Scope of Work must be completed no later than April 30, 2016.
3. Termination by Sponsor. The Sponsor may at any time terminate the Scope of Work, with or without cause, by giving ten (10) days' written notice to the TA. The Sponsor will reimburse the TA for all funds properly expended pursuant to the terms of this MOU within 90 days of the TA's submission to Sponsor of a detailed statement of the payments and costs associated with such expenditures by the TA. Notwithstanding the foregoing, if the Sponsor terminates the Scope of Work for the TA's default, Sponsor will have no obligation to make any payments or reimbursements to the TA.
4. Termination by the TA. The TA may at any time terminate the Scope of Work, with or without cause, by giving ten (10) days' written notice of such termination to the Sponsor. If the TA terminates the Scope of Work for Sponsor default, Sponsor will reimburse the TA for all funds properly expended by the TA in connection with the performance of this MOU. If the TA terminates the MOU for convenience, the TA will pay to Sponsor all costs and expenses incurred by Sponsor as a result of such termination.
5. Termination by the Parties. If it is mutually agreed by the Parties that it would be in their mutual best interests to terminate or suspend work on the Project, no Party may seek, or be entitled to receive, further reimbursement for any costs or expenses incurred in connection with the Scope of Work or termination of this MOU.
6. Expiration of TA Financial Obligations. Any and all financial obligations of the TA pursuant to this MOU will expire upon the expenditure of the TA's maximum contribution to the Scope of Work as established in Section B. 1, above, or upon termination of this MOU under Section C. 1, above.

### D. TA Responsibilities

1. The TA will implement, perform and complete the Scope of Work, either through its own forces or the use of one or more third-party contractors.

2. Each of the Parties will also fully release, indemnify, hold harmless and defend the other Party and Indemnitees from and against any and all claims or suits that may be brought by any of the Indemnifying Party's contractors or subcontractors performing work in connection with or related to the Project.

The Consent or approval of any act by either Party will not be deemed to waive or render unnecessary consent or approval to any subsequent, similar acts.

The Parties will promptly meet in an effort to resolve the issues raised. If the Parties fail to resolve the issues raised, alternative forms of dispute resolution, including mediation or binding arbitration, may be pursued by mutual agreement.
